Items purchased at discounted prices and custom-made products (e.g., products of which design changes and/or products that exceed the maximum standard dimensions)

This warranty is not applicable to the following scenarios as a result of natural materials and other reasons:

- Natural discoloration of natural materials; lines and textures of wood/leather and natural lines, marks, voids, fractures and lacerations on the stone.
- Natural aging of wood and other materials; color change of fabric and leather during the use of the products.
- Color changes induced by dye in fabric, leather or wall covering materials (including difference in color between batches).
- Difference in colour due to mixed use of leather and artificial leather.
- Changes in the surface-treated products, including aging or changes in colour due to exposure to light.
- Differences in woodgrain or knots.
- Regardless of the original warranty period of the products and materials agreed, in case of the above situation, all the parts and products will not be covered under this warranty.

This warranty does not extend to part and product damage from normal wear and tear, and the damage subjected to normal use or product damage due to improper man-made use, maintenance and/or storage.

- Normal wear and tear when subjected to normal use (including dents, scars, abrasions, aging), product modification, assemble with parts from other companies and improper use.
- Transfer of dirt or clothing dye onto the product by friction.
- Wear and tear on products textiles due to foreign matters (including but not limited to fabric seat surfaces and sofa) over time.
- Damages, scars or stains on the surface of decorative panels due to contact with rubber or similar compounds.
- Damage caused by sharp parts of writing instruments or by foreign matters or damages due to prolonged exposure to direct sunlight after completion of the assembly.
- Changes in decibel level of motors or mechanical devices of lift able table.

- Products that have not been assembled and used in accordance with the instruction, installation methods and methods of use issued by Lamex.
- Damage to the product due to use exceeding the normal strength and/or frequency.
- Any damage to the product caused by improper handling, including (whether before or after completion of the assembly) improper storage, product maintenance and/or exposure to abnormal environmental conditions (including but not limited to open air, corrosive environments, high temperature, water damage, coldness, dryness, dampness, direct sunlight and insufficient ventilation).
- Damage due to natural disaster or during transportation, delivery, assembly upon delivery or storage (unless the delivery is made by Lamex).

Note: Normal use frequency is 8 hours a day for 5 days a week.

Other circumstances that are not covered under this warranty.

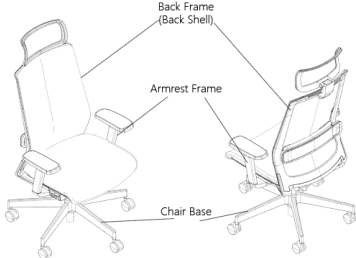

- Lamex only performs tests for the production quality and safety of our own products. Therefore, products assembled by using parts that are not provided by Lamex will not be covered under this warranty.
- If any product label or batch label has been tampered with or deleted, this warranty will be void.
- Lamex will not provide this warranty against any non-standard Lamex's products that have been manufactured based on the customer's design or requirements or made by using "materials supplied or designated by the customer".

Exclusion Clauses

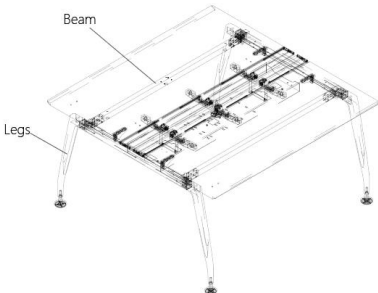

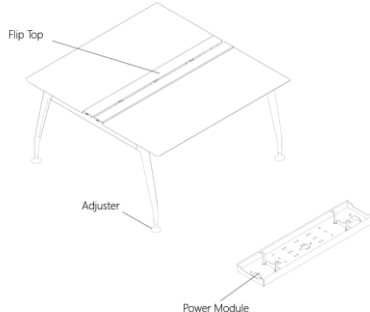

- This warranty will be valid only if the new products are purchased, assembled and maintained by the consumers, authorized dealers according to the product manual or by technical staff trained by Lamex.
- Lamex do not assume any liability for personal or property loss and/or damage caused by the customer's exposure of our products to extreme environmental conditions or improper storage.
